## Welcome Address

Dear Parents,

I have immense pleasure in welcoming you to kamb&m School of Life International, a highly progressive and enterprising school pledged to provide quality education with great emphasis on traditional values. Besides academic excellence, the school is committed to inculcating in all students, strong ethical values of integrity, politeness, kindness and respect for elders. I firmly believe that education should foster confidence, discipline, clarity and decision-making ability to set and achieve goals, and above all, social responsibility as a life-long process. Kamb&m School of Life International takes pride in providing a caring atmosphere to all its students which is just apt for the young minds to be nurtured. It aims to develop scholarly students with self-discipline, intense perseverance and zeal to excel which are the qualities required to meet the challenges of the modern society. The school seeks your utmost cooperation and support at all times to achieve the high standard set.

Warm Regards,  
Director  
kamb&m School of Life International

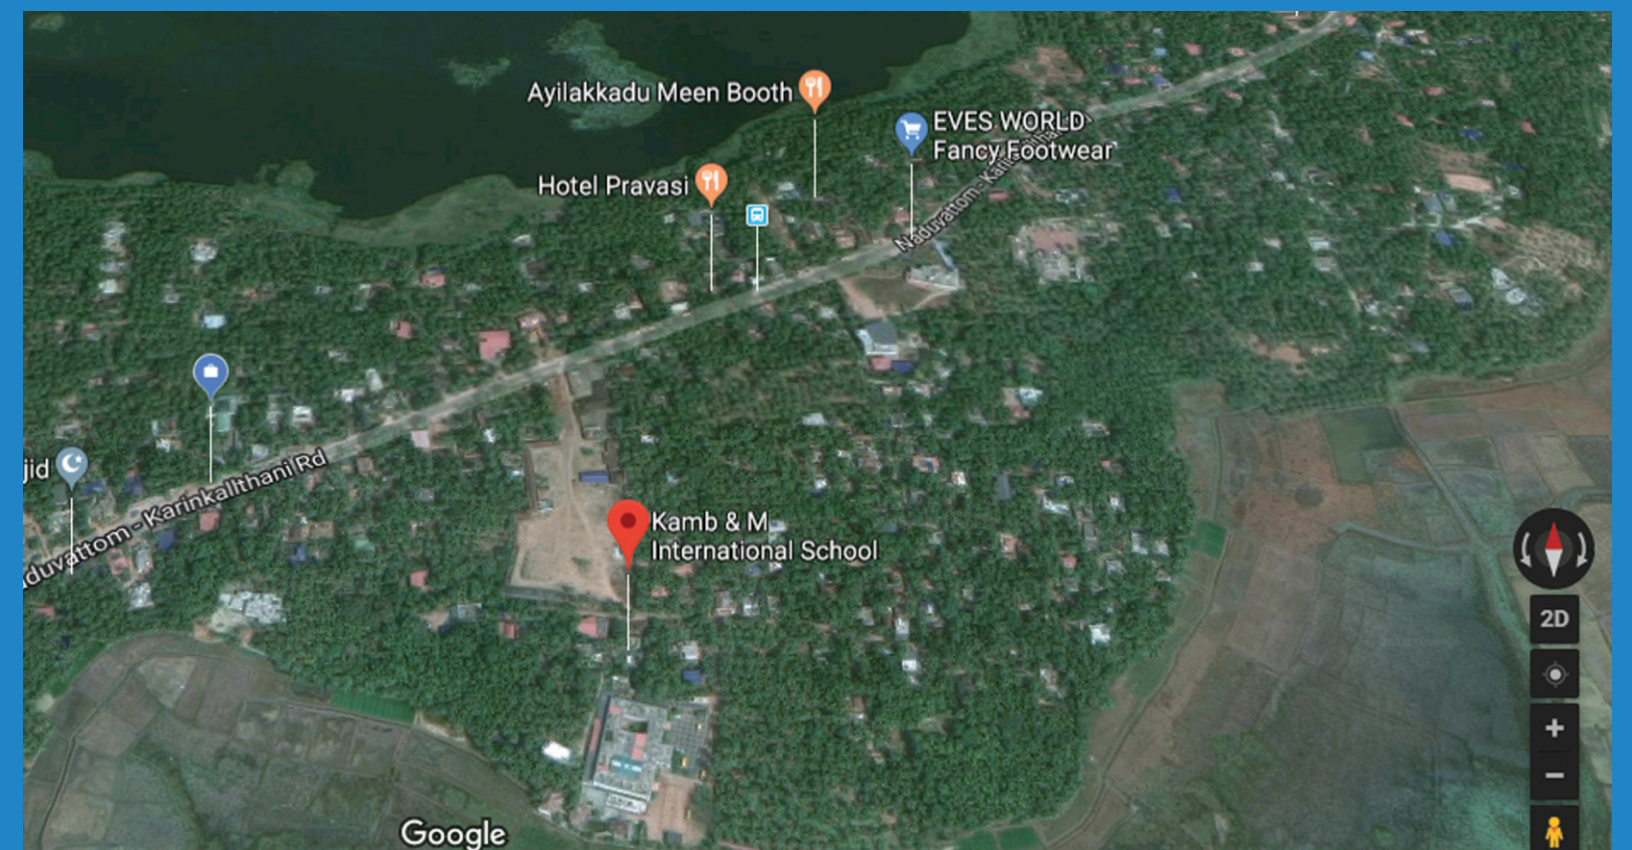

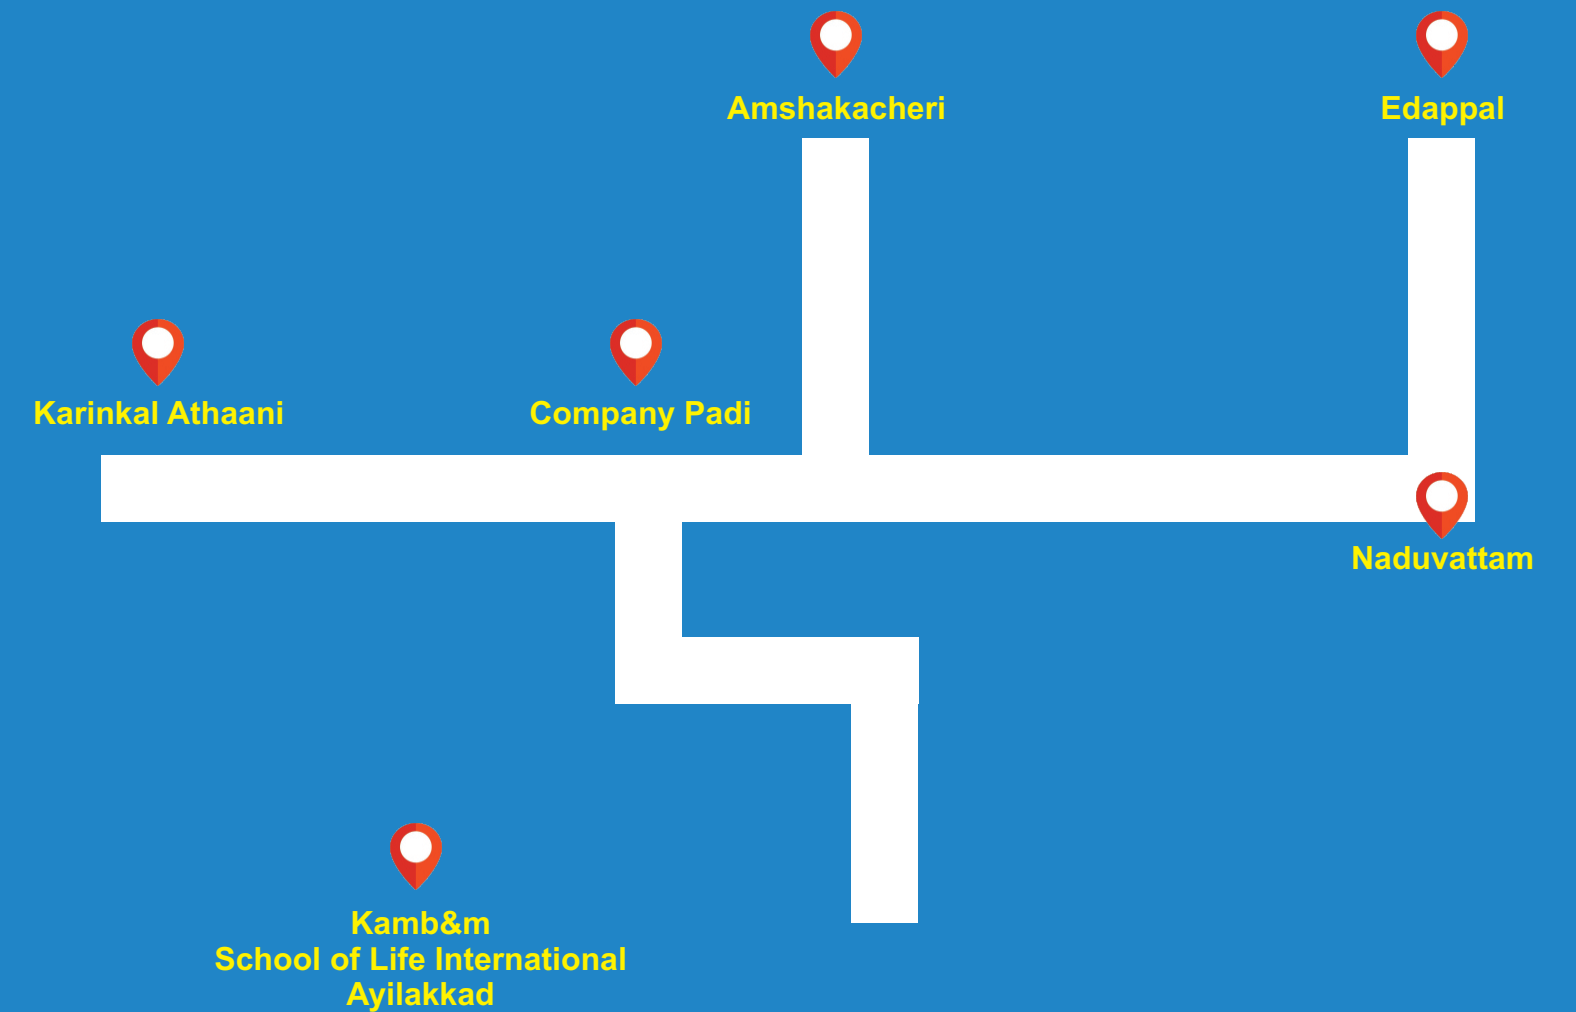

Dear Parents,

Peace Upon you all  
& warm greetings from the family of Kambandm

Education at kambandm aims to empower and motivate students to be life long learners, critical thinkers and productive members of an ever changing global society. Keeping this goal in mind, the school relentlessly strives hard to make the best possible efforts to inculcate strong ethical values combining with academics and extra curricular activities as part of our curriculum. While academic excellence is our major thrust, the school is also devoted to prepare the students for life, groom them to face the challenges of tomorrow. Our effort has always been to replace the theoretical teaching and learning to pure practical child centered teaching and learning. International Montessori Method of curriculum at Pre Primary and Lower Primary, Advanced Montessori Curriculum at Upper Elementary, Books free Teacher - students resource class rooms at Secondary Level and are all our steps towards the same. All Saturdays are reserved for students to experience various extra curricular activities like Karate, yoga, skating, music & musical instruments, art and craft, stitching and embroidery, cooking, gardening and special coaching in sports and games both indoor and out door. We encourage students to be part of various competitions at regional, district and state level as we believe it's not only academic excellence that alone decides the success of a child but by nurturing his all round development through holistic education. Thus education at kambandm becomes a complete process that leads to the attainment of full potential of each child. With the tireless efforts of a team of dedicated staff, consistent support of parents and with the strong vision of school management, education at kambandm will always be fruitful, innovative and result oriented.

Extending all of you a warm welcome to our campus

Warm Regards,  
Principal

## PRE-PRIMARY MONTESSORI 3.5Yrs to 6Yrs

Montessori curriculum is divided in to five areas of learning; Practical ,sensorial,language,mathematics and cultural

A Montessori environment encourages creativity, curiosity and leads children to ask questions, explore , investigate and think for themselves as they acquire skills. We focus more on student's learning than a teachers teaching.

Each Montessori class room gives energy to the kids as it is equipped with colourful Montessori materials.The child feels a homely atmosphere inside the class room. The child plays,understands & explores.

Twice in a week children enjoy the play time under the guidance of our PET instructor. It is too funny and energetic hours as it includes many games and exercises

Religious studies start from the Pre primary classes. Moral science classes for Muslim students and Value education classes for non Muslim students.

The assemblage of each environment develops kid's self confidence and courage

Each child is evaluated daily from their activities.
